Thank you for your interest in the AAC Partnership Program through the Communication Aids & Systems Clinic. Our goal is to expedite clients’ access to evidence-based, high quality augmentative and alternative communication (AAC) evaluations and treatment through collaboration with a client’s local SLP. In order to make the evaluation more efficient and start collaboration, please complete the following form to provide us with more information:

1. Where do you work with the client? How long have you been working with this client?

2. What goals are you working on with this client?

3. Does this client have any difficulties with vision or hearing?

4. Does the client have any difficulties with fine or gross motor skills that may impact his/her ability to access an AAC device?

5. Have you tried any AAC in the past (e.g., PECS, low-tech boards, iPad apps, etc.)?
6. Does this client currently have an AAC system?

7. What are you hoping to get out of the CASC visit?

8. What features do you think would be crucial in an AAC system for this client?
